Team teaching

- 1. Working with your pair:**
 - a) What did I give?** – ideas/suggestions; materials; aims and objectives (why? When? How? Time needed)
 - b) What did I get?** – PPT, feedback, cooperation
- 2. Materials:** cartoon, songs, vocabulary, flash-cards, pictures, stationary (glue, paper, coloured pencils, sweets, etc.)
- 3. Planning time:** Since the coordinators' aims and objectives were not transparent/clear, we (as a team) have tried to do our best in order to figure out our own aims and objectives for 3 lessons we were about to teach. The planning time was enough.
- 4. Positive pedagogy:**
 - a) Atmosphere in the classroom:** positive, lively, motivated pupils as well as teachers 😊 😊
 - b) Pupils' activity:** pupils very active, curious, ready to be involved in every activity. Pupils were happy, wanted to participate. There was collaboration within the groups, as well as within the classroom itself. The communication between the groups' members, as well as between the team teachers was excellent!
